RE: On Site RV Usage at Bayview Yacht Club

Dear Competitors:

Management at Bayview Yacht Club has recently informed me that due to recent unfortunate events on the Club property the Board of Governors has decided to begin to enforce an existing policy that RVs can not be used on Club property during Club events. This policy is to be enforced effective immediately, including during our NAC. It should be noted that sleeping on boats is still allowed.

I hope this doesn't cause any real problems for anybody. Feel free to contact me if you have any questions.
